WORK EXPERIENCE

FRONT END WEB DEVELOPER

WPromote (El Segundo, CA)   November 2016 - Present

WPromote is a digital marketing agency that works with clients to expand and maximize their brand's potential on the digital landscape. As a developer I have collaborated with clients to develop e-commerce sites on the Shopify platform, build email campaigns using email compliant HTML, and create interactive infographics using Javascript.

- Developed email campaigns for a range of clients that include Klipsch, Zenni Optical, and Pelican Water.
- Create new html email templates with MJML and Foundation.
- Create websites on the Shopify platform with custom functionality and applications written in Ruby on Rails.

Skills: HTML, CSS, Javascript, jQuery, Git, Shopify, Wordpress, MailChimp, Web API, Gulp, Photoshop, MJML, Bourbon/Neat, Pug

FULL STACK WEB DEVELOPER

CART (Culver City, CA)   July 2016 - November 2016

Client Administration and Reporting Tool (CART) enables medical personnel to collect and analyze information related to ER visits. CART features a multi-tenant design, a user management system, custom form creator, graphical reporting, and a responsive design.

- Implemented robust custom CMS/form capabilities with an AngularJS front end, featuring a variety of field types and validation options.
- Constructed SQL queries to drive SVG-based charts and graphs.
- Efficiently implemented a variety of full-stack features, including RESTful APIs with C# and ASP.NET Web API 2, server-side views with C# and ASP.NET MVC 5, and dynamic client-side interfaces with Ajax, JSON, JQuery and AngularJS.

Skills: HTML, CSS, Javascript, jQuery, AngularJS, ASP.Net, C#, Microsoft SQL Server, Bootstrap, Team Foundation Server, Web API, SendGrid API
